

Lord, behold our family here assembled. We thank Thee for this place in which we dwell; for the love that unites us; for the peace accorded us this day; for the hope with which we expect the morrow; for the health, the work, the food, and the bright skies that make our lives delightful; for our friends in all parts of the earth, and our friendly helpers . . .

The above prayer of Thanksgiving is from Robert Louis Stevenson. It expresses the sentiment of all of us—especially of us who live in Washington Township where we are so bountifully supplied of everything that makes a good life.

When township families sit down to the Thanksgiving dinner tomorrow, they will be surrounded by friends and loved ones. It is such gatherings as these that make for a spirit of friendliness in the home, as well as in the community.

Here is the way some of our township families will be observing our oldest American holiday:

Mr. and Mrs. C. N. Hadley of Niles will go to Marin County to spend Thanksgiving Day and the remainder of the week-end at the home of Mrs. Hadley's parents, Mr. and Mrs. Cecil Norton. There will be quite a family gathering for a group of relatives are coming down from Oregon, including a great-grandmother.

The Irving Hird family is looking forward to going down to Merced to spend the day—and possibly the week-end—at the home of Mrs. Hird's parents, Mr. and Mrs. P. J. Shoup.

The Peter Juhs will spend the day at home, with her father, Mr. E. A. Stangland, and her brother, Mr. T. E. Stangland, coming down from Oakland to share the turkey dinner.

Mr. and Mrs. Peter Fracoli of Niles will have the following guests: her parents, Mr. and Mrs. John Alves; her grandmother, Mrs. Antoine Alves; and Mr. and Mrs. Al Johnson, and Victor Fracoli.

Guests at the John Galvin home in Niles will be her mother, Mrs. Louisa Kik; her sister, Mrs. Lillian Bell; a nephew and his wife, Mr. and Mrs. Mark Bell; and a niece and her husband, Mr. and Mrs. Oliver Fox. The only ones missing will be their daughter and her husband, Lt. and Mrs. James Stanhope and baby, who have gone back to Virginia.

Dr. and Mrs. Eugene Grau will motor to San Mateo to dine at the home of Mrs. Grau's sister, Mrs. Joe Tedesco.

At the Manuel de Salles home in Niles there will be the following dinner guests: Mr. and Mrs. Arthur C. Silva of Newark, Mr. and Mrs. Frank de Salles and son, LeRoy, of Niles, and Miss Norma Betten-court of Alvarado.

Mr. and Mrs. Ragghianti of Niles will have as their guests: her daughter and husband, Mr. and Mrs. Steve Yuhase, and Mrs. Ragghianti's two sons and their families, Caesar and Louis Di Guilio.

Mr. and Mrs. William Estudillo of Niles have invited Mr. and Mrs. Leonard Nunes and son, Gary, of Hayward; Mr. and Mrs. Vincent Oliveira and daughter, Jean, of Hayward; and Mrs. Estudillo's father, Mr. James Harlan.

Mr. and Mrs. Tom Robbins and sons, Larry and Richard, will go across the bay to have dinner at the home of Mrs. Robbins' sister, Mrs. J. R. Grace, in San Mateo.

The Gene Pessagnos will motor over to San Francisco to have dinner with her parents, Mr. and Mrs. A. Padreddi; the Nick Pessagnos will have dinner at their home, with her parents as guests, Mr. and Mrs. M. O. Perugi; and the William Pessagnos' dinner plans were still up in the air at press time.

Mr. and Mrs. John Mara will go over to Newark to the home of his brother and wife, Mr. and Mrs. Ed Mara. Another brother, who lives in Oakland, will not be able to join the family group as he took a plane trip back to Nebraska this week.

The L. W. Musicks are expecting her people up from Hanford, unless the storm situation makes traveling too hazardous. There will be Mrs. Musick's mother, Mrs. J. L. C. Irwin; and her sister and husband, Mr. and Mrs. Leonard Haag and three children.

Mr. and Mrs. Maurice O'Brien and family will motor up to Oakland to have dinner at the home of her mother, Mrs. Carl Francee.

Mr. and Mrs. Al Juhl of Niles will have to put the two turkeys they won recently "on ice," as they have been invited to be Thanksgiving guests of Mr. and Mrs. John Avilla of Newark.

The G. D. Mapshets of Niles will have as their guests Mr. and Mrs. Dan Marble, Mr. and Mrs. Al Cadero, and Mr. Howard Stepp.

Mr. and Mrs. William Fassnacht will have quite a crowd at their home on Morrison Avenue. "It isn't as difficult as you might think, preparing for the crowd," said Mrs. Fassnacht, "for it is a community" dinner and everybody brings something. Those present will be her parents, Mr. and Mrs. H. J. Dernberger of Castro Valley, Mr. and Mrs. Robert Dernberger and children of Redwood City, and Mr. and Mrs. W. J. Meyers of Castro Valley.

Mr. and Mrs. Stuart Kiernan of Niles will not observe this Thursday as Thanksgiving Day. They believe in following early American tradition, so they will observe Thanksgiving on the last Thursday of the month, the 30th.

At the W. G. Denton home in Niles there will be just a family dinner, with their daughter, Betty, Emerson and her young son, Bill, also present.

Mr. and Mrs. Joseph Damas of Niles will motor up to Woodland to have dinner at the home of her parents, Mr. and Mrs. R. A. Henley. Accompanying them will be Mr. and Mrs. Anthony Fields, also of Niles. The couples plan to spend the whole week-end, the men going off on a hunting trip.

Mrs. William Chivers of Niles will forget her duties as the P.T.A. president of Washington High long enough to prepare a turkey dinner for her family and for her husband.

RAMPAGING FLOOD WATERS swelled Alameda Creek to a raging river early Sunday morning. Ten billion gallons of water swept out of Niles Canyon, where it flooded the highway, to inundate the Alvarado area. This photo was taken from the S. P. bridge at Niles. —Register Photo

Alameda Creek Cuts Dike; Floods Alvarado

Residents of Alvarado waded back into their homes yesterday through ankle-deep water and began cleaning up the debris left by the worst flood in this area in more than ten years.

An estimated 2,500 acres of lowlands in Washington Township were inundated early Sunday morning when the flood waters of Alameda Creek poured over its banks.

A storm of cloud-burst proportions in the Livermore-Sunol area early Saturday sent the muddy, churning waters roaring down through Niles Canyon about 4:30 p.m. Saturday. Late that night a log jam at the Southern Pacific bridge near Alvarado turned back the water, causing it to cut through the dike at Lowry Road and pour into the town of Alvarado.

Niles Canyon highway was closed to traffic until late Sunday afternoon until road crews could remove the debris deposited on the highway by the flood.

Highway 17 between Alvarado and Centerville was covered with water and closed to traffic most of the day Sunday, as was the Niles-Alvarado road and the Warm Springs-San Jose highway.

Coast Guard rescue teams were rushed here to aid in removing residents of Alvarado from their homes by boats when the sudden rush of flood waters trapped them.

LeRoy Broun, township Red Cross chairman, had an ambulance here standing by to remove any injured persons and brought in loads of extra clothing and bedding for the homeless.

Crews from the Pacific Gas & Electric Company sealed off the gas distribution system in Alvarado as a precautionary measure.

Of the estimated 2,500 acres flooded, approximately 1,000 acres were in vegetable crops. Loss in damage to the crops had not been estimated early this week as many growers expressed belief that the young cauliflower, which has not headed, would not be seriously damaged by the muddy water.

Charles Baird, S.P.C.A. official, said Monday that as far as he had been able to determine only two head of livestock had been lost.

W. D. Patterson, president of the Alameda County Water District, said Monday that none of the wells used by the district were contaminated by the flood waters.

The gauge on Alameda Creek near Niles showed that ten billion gallons of water flooded down Alameda Creek in the first 24-hour period of the flood. The flow at 9 a.m. Monday was still 68 million gallons per hour, nearly seven times the flood point of ten million gallons per hour.

FATAL ACCIDENT NEAR ALVARADO

One man was killed and three others critically injured early last Thursday morning in a head-on crash one-half mile south of Alvarado on Highway 17.

Killed in the crash was Frank L. Knapp, 20, a sailor attached to the Alameda Naval Air Station. His two companions, Clyde Dorris, 20, and Virgil W. Lewis, 19, also sailors attached to the Alameda station, received critical injuries.

The driver of the other car, Joseph D. Avcoin, 32, of Oakland, suffered broken ribs and internal injuries.

The accident occurred about 4:30 a.m. and it took more than 45 minutes to extricate the injured men from the wreckage. Two of the men were picked up by a navy ambulance and taken to Alameda. The other two men were taken to Fairmont Hospital in the Township ambulance.

Bernard Vail, operator of the Township Ambulance, said Monday that last Thursday's accident was the only one during the week and stormy week-end in which personal injuries were involved.

CENTERVILLE, NILES MEN WIN MYSTERY PICTURE CONTEST

Identification of last week's picture puzzle in The Register's "Guess Where" contest provided little mystery for local residents, according to the telephone calls received Friday.

Thirty-seven persons telephoned The Register office to guess the identity of the pictured object and its location and only four failed to give the correct answers.

All agreed that it was a wind sock at an airport and all but four correctly identified it as the one at Center Field near Centerville. First to call and give the right answers, and thus win the first prize of \$2.50 was Manuel Caldeira of Niles.

The \$2.50 for being the 20th person to phone and give the correct answer was Charles Oliver of Centerville.

The first 20 persons to telephone and correctly identify the picture and the location were: Manuel Caldeira, Niles; Laura Estudillo, Niles; Manuel Seane, Decoto; Al Perez, Niles; Mrs. Tuana, Niles; Mrs. Grundy, 532 Arastodero, Palo Alto; John Franco, Niles; Mrs. Milburn, Niles; Mrs. Don Martin, Decoto; Anthony Rogers, Mission San Jose; Lena Horat, Centerville; Warren J. Silva, Alvarado; Dolores Demotte, Centerville.

Donald Bragg, Decoto; Charlotte May, Newark; Ray Alberts, Newark; Anna Bradford, Niles; Mrs. Roy Springer, Newark; Frances Tyson, Niles; Benny Andrade, Niles; and Charles Oliver, Centerville.

This week's picture should prove more difficult to the local sleuths. However, if they are particularly observant of what has been taking place recently they will find a clue in the picture which should help lead to its identity.

When you think you know what it is and where it is located, phone The Register, Niles 3261 or 3271, after 9 a.m., and if you are the first or twentieth to phone and give the correct answer you will be mailed a check for \$2.50.

Winners will be announced in next week's issue of The Register.

DECORATIONS TRAINING

PERCOLATION PIT AT NILES HELPS HOLD WATER TABLE

A preliminary report from state engineers, submitted to the board of the Alameda County Water District, revealed this week that the district's percolation pit near Niles conserved 1,500 acre feet, or 500 million gallons, of water last year.

W. D. Patterson, president of the local water district board, in explaining the report, stated that the engineer's survey showed that the vast amount of water was added to the local underground water table by being diverted from Alameda Creek into the abandoned gravel pit, where it percolated through the gravels.

The percolation pit was acquired by the water district in 1948 and a concrete spillway to divert the water into the pit was completed in the spring of 1949 at a cost of approximately \$120,000. Patterson said Monday that the waters from the present flow of Alameda Creek would not be allowed to flow into the pit until the water becomes less muddy. He explained that the mud carried in the flood waters cakes on the bottom of the pit and seals off the percolation process.

LOCAL U. C. CLUB ELECTS MRS. BENDEL

Mrs. Roland Bendel of Niles was named president of the Washington Township University of California Club at the annual dinner meeting of that group held at the International Kitchen last Thursday evening. She succeeds Bernard Brownstein.

Other officers named were: Allan Hirsch, Irvington, vice-president; and Mrs. Lester Whitaker Jr., Niles, secretary-treasurer.

Forty-eight persons, including 13 Washington High School students, attended the meeting and heard Stan McCaffrey, executive manager of the Alumni Association, state that the local club is the oldest U. C. club in the world. The club was organized on December 22, 1894, at the home of the late James Shinn, according to Mrs. Bendel.

An interesting sidelight of the meeting was an exhibit of old football posters shown by Mrs. James R. Whipple. Some of them referred to the games in which her deceased husband, James Whipple, and his cousin, Jack Whipple, starred as varsity men nearly 50 years ago. The posters will be displayed at Berkeley during Home-Coming Week.

SPECIAL CHURCH SERVICES

Special Thanksgiving Day services will be held at the Christian Science Church in Niles at 11 a.m. tomorrow, according to an announcement this week. The public is invited.

WOOPS--WE THOUGHT HE MEANT OUR TOWN

Radio listeners sat stunned Sunday evening when they heard Walter Winchell state on his world-wide broadcast that the Baptist Church in Centerville, California, had been swept from its foundation and carried for more than a block by flood waters.

Most localities realized that there is no Baptist Church in Centerville, but drove to Centerville to see the sight, thinking that he meant the Presbyterian Church.

When they found the Presbyterian Church standing high and dry they began to wonder about the reliability of the Winchell news.

They learned in the newspapers the following morning that the flooded town was Centerville, California, located some 26 miles from Fresno.

FFA CHAPTER WINS SECTIONAL CONTEST

The parliamentary procedure team of the Washington Union High School chapter of the Future Farmers of America won first in the sectional contest held at Centerville last week. They will compete in the regional contest to be held early next year.

On the winning team are Vincent Wallace, Kioshi Katsumoto, Larry Lamoreaux, LeRoy Broun and Ernest Kinzli.

The local students won over teams representing chapters in Hayward, Livermore, Pleasanton and Half Moon Bay.

Judges of the contest were F. S. Lindsay, vice-principal at the Hayward Union High School, Coach Judson Taylor and Mrs. Martha Hartsog, dramatics teacher, both of Washington.

MYSTERY PICTURE . . . This week's puzzler in The Register's "Guess Where" Contest presents a little more of a problem to players. Study the picture, then when you think you know what it is and where it is located in Washington Township, telephone The Register, Niles 3261 or 3271, and if you are the first or twentieth to telephone after 9 a.m., and give the correct answers you will win \$2.50. —Register Photo

Niles Girl Meets Pen Pal—At Last!

Where does the road of the "pen-pal" hobby lead to?

For Duilinda Duarte of Niles—perhaps the township's most ardent pen-pal enthusiast (she has pen-pals all over the world)—it lead right straight to a tall, handsome young man!

Duilinda met this young man for the first time last Sunday at the Santa Clara-St. Mary's football game after corresponding with him for a year and a half.

The meeting had been arranged by correspondence, of course, and because the two had exchanged photographs it wasn't even necessary for the young man to wear a red carnation. Duilinda recognized him immediately as he entered the gates to the stadium, where she was waiting.

Duilinda couldn't go through the ordeal of this first meeting alone, so her friend, Rachel Lira, accompanied her and gave her moral support. "I was very nervous," said Duilinda, "as we stood there waiting for him. He lives right in San Francisco, but we hadn't been able to arrange a meeting before. Now that the time has actually arrived, I felt for a few minutes as though I'd like to back out."

But she didn't, of course. She stayed there and met him, and the three all sat together through the game. "Things were a little stiff at first," confided Duilinda, "but before long we were all having fun together. Dick (his name is Dick Shoenstein) seemed to enjoy himself, too, although," added the fair-haired Duilinda honestly, "I'm not quite sure that he didn't prefer Rachel to me."

Anyhow, she is sold on pen-pals. "There's another one," she said, with a far-away look in her eyes, "in Newark, New Jersey. He's handsome, too, or at least he looks so in his picture. He wants to meet me, but I guess New Jersey is too far away."

Entertaining Friends

Dr. and Mrs. Lamoreux will have a party of eighteen for Thanksgiving dinner. Their guests will be the families of Mr. and Mrs. Earl P. Mackintosh, Mr. and Mrs. Robert Wright and Dr. and Mrs. Kermit Schaaaf.

LOCAL VINTNER JOINS NEW ASSOCIATION

Mrs. Anna Mayock of Los Amigos Vineyards, Irvington, was among a group of nine small California vintners who voted last week to band together in a new organization to raise standards for premium class wines.

HOME Garden SECTION

Bulb Time:

Home Gardeners Are Set for Planting

By ALFRED AMES
Magazine California Garden Editor

Fall and early winter in most of California means bulb time for average home gardeners. What "bulb" may mean, however, covers as wide a range as the state itself.

Those of us who have to have flowers whether they come from corns, bulbs, rhizomes or pips aren't too much concerned whether a jonquil isn't a daffodil and, or, a narcissus!

We should know, however, that lilies of the valley are not lilies, as far as home gardeners are concerned.

Plant lilies deep, lily of the valley, on the surface; reverse this and they both die. Obviously, then, some kind of a classification is essential.

True Lilies

Let's start with the true lilies—these are large bulbs formed of many small bulb scales. Typical of this group is the Easter lily and the common tiger lily. In planting, set this group below the surface about eight inches to the bottom of the bulb. In the cooler coastal areas plant where they will get plenty of sunlight; in the interior valley, partial shade probably gets the best blooms. This group, generally speaking, reproduces by forming small bulbs just above the parent bulb. If you care to increase your stock replant these small bulbs at about one-half the depth of the larger bulbs.

Incidentally, lilies don't bloom at Easter unless made to do so. Forcing a bulb for bloom takes about 17 weeks of very careful attention—and what would a florist do with a hundred a week late?

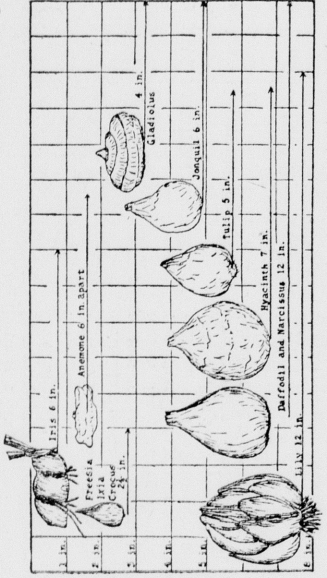

As this is being written a potted lily from last Easter is now blooming again in my garden—two life cycles in a year with an increase of several small plants. It will probably go back to a normal existence next year.

Let's go on to the narcissus family; the early birds of this group, China lily, Soleil d'Or and Paper-white, may be up or even in bloom by now. But they are hardy bulbs when you want 'em, plant 'em when you get 'em. Put them in a spot where they won't be disturbed for a few years and feed them just before the growing season. The more spectacular members of this clan, the daffodils, are a little more difficult but certainly under average garden conditions.

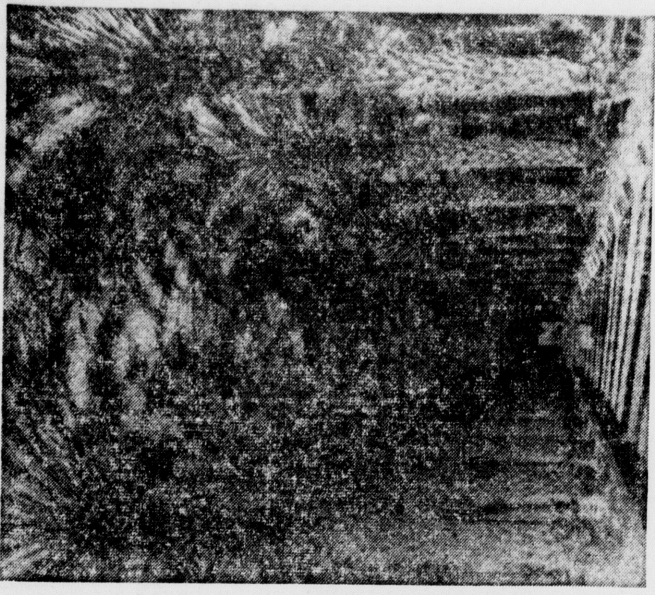

Large Collection
Why not get a large collection of many varieties from a good firm? Plant them in your soil and expect a few varieties to make a glorious spring showing year after year—they'll do it and are all beautiful regardless of price per bulb.

Now for that group that's the most exciting of all, the tulips and hyacinths. In order to properly enjoy these aristocrats why not get in a frame of mind something akin to that necessary for a successful Christmas toy shopping spree.

You know—after all—it's just once a year. (Get a few packets of baby-blue-eyes, seed, too.) After you've planted the bulbs, lightly rake in the blue-eye seed, have it rain gently off and on for a few weeks and you will have created a masterpiece of which any artist would be proud.

Coachella Valley Desert Producer of Date Industry

BEAUTY IN THE DESERT DATE GARDEN

By A. K. WOODBURY
Here is something! Down near Indio, 20 miles east of Palm Springs, you will find one of the most interesting places you have ever visited. But the story of the man and the dream that made it possible is even more intriguing. Twenty-six years ago Mr. Shields, then in his late thirties, had an idea and an abundance of faith in the future of the date industry in America and in the Coachella Valley Desert.

His only assets were a willingness to work long hours, seven days a week, and an unlimited faith that by producing the finest desert fruits in the world the public would beat a path to his gardens; and that those who could not come would order by mail. (He now has perhaps the largest mail order business in the world in dates and grapefruit, to say nothing of the thousands who come to the gardens to make their purchases.) He went it alone for two long hot years—it is hard to realize now

how the few people in the desert at that time were able to stay through the long hot summers. Road Easter

Then he met a charming young lady who had faith in him and his ideas. From then on Mr. Shields found the road easier. They both had the courage to go through the hot summers. Those were the days before comfortable air coolers and many were still using coal oil stoves and lamps.

He cared for the young palms that were imported from Algeria and they produced finer dates than their ancestors. He also developed 119 new kinds of dates that are found nowhere else in the world. One of these new varieties is Shields' Black Beauty Date—that sells for five cents each. Its sale is limited to one date only to each customer visiting the gardens—it is never shipped.

From the first day Mr. Shields set his foot in the Coachella Valley Desert he dreamed of one day having a date shop where

a variety of the less well known bulbs has become available that it is impossible to do justice to them.

Why don't you write for a few flower catalogues? You're missing a real treat if you don't know your sporex, ixias, watsonias and monardellas.

Don't overlook the bulbous iris—Dutch and Spanish. They are quite different from the conventional bearded type and are well worth trying. Who knows you may end up with such varieties as Susiana, Mesopotamica, orientalis and eximialis!

Perhaps we had better consider the iris and sort of wind this thing up for the present. Your iris rhizomes should have been divided by now—(mine

aren't, either) but they will do well even if planted at this late date. Keep in mind that iris rhizomes grow very near the surface and that the larger you make each division the better will be your first bloom.

What's New in Wools

By HELEN WELLS
Fashion Editor

Ah, the answers are many, the choice is large, and whether she be a lady of leisure with fur on her mind, or one of career, with practical utility uppermost, the solution is hers and to her liking . . . For Dame Fashion gives her a wealth of selections this gay winter of 1930.

Fur, ah, the essence of my lady's fancy and her sweetheart's hope, is in a class by itself, from minks, broadtail, and beaver down to the smooth elegance of ermine; but since fur is a subject for future reference, while we ramble on with "What's New in Wools for You."

The main trend in coats, concerns itself in a wide assortment from plain to patterns, fur, suede, and velvet hand—so important that one group of colorful checked tweeds, go forth as "velvet tweeds."

Not only is there velvet in the feel, but there is much velvet in the touch and use, for velvet is added to practically every fabric for decorative accent—and what is smart about velvet, and what is smart about velvet, here's a tip, velvet can be re-placed in spring by crisp fresh, piquet, and what have you? A new costume for the new season.

But more about coats . . . the styles seem to be made for every

particular figure. Be you the little gal, who craves, like Helen Hayes to feel tall, there is the slim fitting full length coat that goes everywhere . . . and often collared in velvet.

Of course, the exciting and newest name in coat is pyramidal, and there is a coat of true luxury and harmony. It may be modified for the more conservative desire; or be the tent coat for you with the desire to be first in style.

The three-quarter length looks so right with the pencil slim skirts of suits or coat-dresses underneath, the revived Chesterfield either short or long, the fitted coat a la Dior with plenty of sweep, and the newest of all, the coat, cut almost straight, literally a straw in the wind.

Not only are the shorter jackets fun, but they are practical in that many can be worn with different skirts and suits. And these jackets, too, have styles of their own from the breezy short brief, the wind-breaker jacket, to the fitted, belted one. And they too boast a world of fabric selections from velvet, again, velveteens, fake furs, to fleeces and tartans.

And colors play no little part in the wonderful idea of fabric this winter for they have a new flair not only in choice, but in combinations of colors. . . . Possibly the favorite at the moment is the dark yarn dye, neutral, such as charcoal, banker's gray, brook brown, the always important black, red in many shades, and of course, orange is making a terrific bit not only as accent in color but used in a full garment.

And here is the big note of the month, news for your man. . . . This season, he too will have more than quality in choice of fabric, he will have a whole new array of color to consider, and

Br-r-r, cold breezes blow . . . and with them, the first cool, but welcome thoughts of what to wear for winter . . . to keep warm, be casual and comfy, as true Californians have learned—and are teaching this whole wonderful world to do. The style inspiration may come from Paris, the actual trends and adaptations are our very own, and are adapted first for my California lady.

And there lies the question, "What does my California lady choose in the way of her coat for this season?"

Hobby Group Speaker

Mrs. LeRoy Broun and Mrs. Verna Silva were hostesses at the regular supper meeting of the Hobby Section of the Country Club last Tuesday.

Miss Hagan of the Alameda County Welfare Department told most interestingly of the work of the department and of their plans to provide Christmas presents for the children under their care. It seems that the teen-agers are the most difficult group to provide for, so the Hobby Section has agreed to make a number of silk scarves and to collect discarded costume jewelry. The group is also making a number of rag dolls for smaller children.

A Quiet Holiday

The LeRoy Brouns will have a quiet Thanksgiving Day this year. Mr. Broun's father, Mr. U. M. Jones of Los Angeles, will join them for dinner.

THIS NEW RECTANGULAR KILN of the California Pottery Company at Niles, recently completed, is the only one of its kind in the United States which is used in the manufacture of sewer pipe. —Register Photo

NEW KILN GOES INTO OPERATION AT CALIFORNIA POTTERY IN NILES

Last week a new \$30,000 rectangular kiln at the California Pottery Company in Niles was given final touches before being put into operation.

The new structure, according to George Mays, general manager of the company, has a number of advantages over the conventional round kiln. Its size allows 30 per cent more capacity, and it is capable of producing a better quality product at a lower fuel cost.

The new kiln uses an opposing flue draft system, with combustion gases being exhausted by fans instead of a smoke-stack.

The California Pottery Company, established in 1873, is the oldest industry in Niles and employs 75 persons. Annual payroll approximates \$250,000.

The company manufactures vit-

rified clay sewer pipe, which is marketed throughout the state as well as in Oregon and Nevada.

Seventy-five per cent of the clay used is dug from the company's pits at the entrance to Niles Canyon. Output of the plant is 1500 tons of pipe per month. William Clarke is vice-president in charge of equipment. Ernest Blodgett is the company's engineer. He superintended construction of the new kiln.

SCHOOLS WILL REOPEN ON MONDAY, SEPT. 27

Schools of Washington Township will resume classes on Monday, Nov. 27, following a week's vacation for Thanksgiving and a three-day teachers' institute.

PURPOSE OF ISSUE: Said bonds are authorized to be issued and sold for the purpose of raising money for the following purposes:

apparatus of a permanent nature; and The permanent improvement of the school grounds.

SECURITY: Such bonds are general obligations of the Niles School District of Alameda County, State of California, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said Niles School District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates, without limitation of rate or amount).

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of Messrs. Orrick, Dahlquist, Neff & Herrington, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from February 1, 1951 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid according to standard bond interest tables. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than December 5, 1950. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be about February 1, 1951. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery on or prior to February 5, 1951, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1951 School Bonds of Niles School District of Alameda County." With each bid must be submitted a certified check or cashier's check for \$500.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Niles School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

The Niles School District of Alameda County has been maintaining schools and otherwise acting as a School District under the laws of the State of California continuously since July 6, 1875. The total valuation of all taxable property in said District is \$3,361,680.00 and the total bonded indebtedness (not including this issue) is \$106,000.00. Further information relative to the financial condition of said District will be furnished to any bidder upon request.

Telephone service is still a bargain...for since 1940, rates have gone up much less than the cost of living.

GOOD FRIEND OF THE FAMILY BUDGET

The telephone actually takes less of it than in 1940

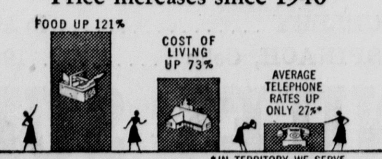

1. Seems like the prices of most things you buy have about doubled, in the last ten years. Among the standout exceptions is your telephone service. There have been rate increases, of course, to help meet increased costs of furnishing service...higher wages, higher prices for materials, higher costs generally. But telephone rates have gone up far less than most other things. And that's only part of the story.

2. Telephone installers are making your service a better all-around bargain, too. When you buy a pound of something, you still get sixteen ounces...although the price may have doubled. Twelve items still make a dozen. But not so with telephone service. Your telephone dollars buy, on the average, twice as many available connections as ten years ago...for we've more than doubled the system in that time.

Price increases since 1940

Your telephone is one of today's best bargains

WASHINGTON TIES MT. VIEW TO END FOOTBALL SEASON

The Washington Huskies fought back in the closing seconds of their final game of the season last Friday night to tie Mountain View 13 to 13 in their Santa Clara Valley Athletic League clash.

Both teams were unable to score in the first half of the game, played on the soggy turf at Memorial Stadium.

Mountain View scored first in the third quarter when Marv Fiorini passed to End Henry Berreras for 30 yards and a touchdown. Fiorini passed to Ishimara for the extra point.

Coach Jud Taylor's lads equalled the score with a 40-yard drive which saw Jack Brises pass 30 yards to Gil Cicairos. Bill Salvador kicked the extra point.

In the closing minutes of the third quarter Fiorini passed to Bob Cargill for a second Mountain View touchdown. The pass for extra point fell incomplete.

With but 45 seconds remaining in the game, George Pagan flipped a pass from the seven-yard line to Galvan in the end zone. Salvador's boot for extra point and the deciding factor between a tie or a Washington victory, failed.

In the preliminary game Coach Hird's lightweights defeated the Mountain View lightweights 12 to 8 in a hard-fought battle.

NEW SCOUT CAMPING MANUAL PUBLISHED

The 1951 Bonanza Manual, publication of the Oakland Area Boy Scout Council, Camping and Activities Committee, is ready for distribution, according to Fred Duffie, local chairman.

Duffie said this week that no copies of the book will be mailed. Every copy of the limited stock is designated and the delivery will be made by a neighborhood commissioner or camp booster to a meeting of the troop or post committee where the use of the manual can be fully explained.

Included in the book are new camp sites, camping standards, changes in procedure and time required to make reservations for short-term camps.

The first successful newspaper in the colonies was started with permission of the royal governor of Massachusetts in 1704.

SILVEIRA ENTERS PUNTING CONTEST

Washington High School's varsity football punter, George Silveira, Centerville, will compete Friday evening in the punting contest to be conducted by Fresno State College at Fresno.

The annual event is sponsored each year by the college and is open only to high school seniors.

Silveira, who turned in an outstanding punting record during the past season here, will be accompanied to Fresno by Coach Irving Hird.

The high school contestants are feted with a dinner at 4:30 p.m., followed by a short program. That evening they compete on the practice field of the college and the four top kickers compete in the stadium between halves of the game between Fresno State and West Texas State Teachers.

This year is the first time that a Washington Huskie has competed in the event.

WASHINGTON CAGE SQUAD NABS SECOND LEAGUE PENNANT

For the second consecutive year the Washington Union High School "D" basketball squad has won the Santa Clara Valley Athletic League pennant, playing the entire season without a league defeat.

Coach Don Wolfe's lads last Thursday afternoon scored an easy 45-17 victory over Campbell to wind up their league season and add another pennant to the Washington trophy case.

Frank Senn paced the lightweights in their victory with 13 points, followed closely by Fred Vizcarra and Ray Orozco with eight points each.

Coach Wolfe's "C" squad grabbed a third-place tie in the conference by dumping the Campbell lightweights 27 to 26 in a hard-fought battle last Thursday on the home maples.

James Andrade sparked the Washington victory by chalking up 11 of the 26 points.

A popular new club has been formed a Washington Union High School, one that has many of the students giving up a portion of the lunch hour to participate.

The new organization is the Folk Dancing Club. Mrs. Gertrude Dutra is the sponsor and is instructing the group in advanced folk and square dancing.

CHAMBER CAMPAIGN FOR SIDEWALKS

The Irvington Chamber of Commerce is to conduct a survey to determine how many property owners will agree to the construction of sidewalks and curbing along the front of their property.

The survey will be made by a committee composed of Walter Connolly, Roy Clark and Ed Haynes. Connolly reported at Tuesday's luncheon meeting of the Chamber that he had learned from contractors that the sidewalks would cost about \$1.20 per foot and the curbing approximately \$1.50 per foot.

GREAT MALE DANCER COMING TO SAN JOSE

The Ballet Russe de Monte Carlo will be in San Jose next Monday night, November 27, and give one of its finest programs, including "Les Sylphides," "Blue Bird," "Romeo and Juliette" and "Paquita."

Nathalie Krassovska, born of a long line of famous Russian ballerinas, and just back from a year's leave during which she won great acclaim on a dance tour of England, will dance the Blue Bird Pas de Deux with Leon Danielian, whom Dance Magazine declared "the greatest male dancer" for the year 1948-49.

Yvonne Chouteau and Frederic Franklin will dance the title roles of "Romeo and Juliette," with corps de ballet, while the ethereally graceful and incomparable Alexandra Danilova, the world's greatest classic ballerina, will dance the title role of "Paquita," the part danced by Carlotta Grisi in Paris in 1846, when the ballet was first given.

Tickets for the Ballet Russe de Monte Carlo in San Jose next Monday are on sale at the Denny-Watrous box office, San Jose auditorium.
